ORR Homecoming Day

- DCJ PHOTOS

Cover - The Junior Class's magician won over the crowd and judges as the ORR team hosted the Wareham Vikings at Homecoming Day October 23rd (postponed from Saturday because of the storm). Five thousand hand-made flowers, used in the construction of the winning float, formed the image of the magician, his blond assistant and the trick itself, the sawing in half of the Viking. This winning effort was the Class of 1990's entry.

(Below on Cover) - A rocket football is blasted over the goalpost to win third

The trip to the field was an adventure in itself as the bulldog, standing tall on his Cape Cod cottage, was standing just a bit too tall and was knocked flat by a wire which crossed the highway. The smaller photo shows the repair crew, on ladders, remounting the homeowner before the parade.

prize for the Freshman Class. They made and used 40,000 napkin flowers to make this impressive step into space. Dana Collyer built the frame of this rocket which was assembled at the Mattapoisett Town Barn. **ROCKING THE HOUSE** (Photo above)

Second place winner in the parade was this Bulldog standing on the peak of his rocking house. Complete with picket fence, flower boxes with genuine flowers and impressive yard, the float was covered with 9,000 paper flowers by the senior class.

Standing 12 feet tall atop a 7 foot globe, the mighty Bulldog of the sophomore class breaks the surface of the earth to claim victory. The class of 1991 used 7,000 paper flowers to construct their float.

To make the day a complete success, the Old Rochester football team did take heart from all of these predictions of success and were successful on the field with a 15 to 14 victory in a close, well-matched football game.

Chairman William F. Hubbard, "was that
you (Mr. Ringuette) did not have oil
booms in place to absorb the oil spill as
you should have done within the last five
years since you began the marina oper-
ation." The Board directed Building In-
spector Andrew J. Bobola, who was pres-
ent at the meeting, to check the Ringuette
property this weekend to be sure the oil
boom is there.

Mr. Ringuette said he obtained an oil
boom from Donald C. Wood of the Board
of Health to soak up the small oil spill.
He assured Selectmen he would have his
own booms in place as soon as he could.
He added that he has been busy hand-
ling the boats that were tossed around
during the storm. Also, he noted, the
Coast Guard had to be called to assist
some people staying overnight on their
boat. When Chairman Hubbard questioned
this practice, the Building Inspector noted
the Board of Appeals had granted Mr.
Ringuette the right to have people stay
overnight but not to live on the boats.

Also present was Robert Field who has

a research experimental station covering three acres in the area where the spill occurred and who expressed concern for the safety of his shellfish.

Gregory Sawyer, biologist for the State Division of Marine Fisheries, said his agency would check the area and remove several quahogs for testing; he said it is the only way to tell if any damage has taken place. The biologist said Field's experimental station could have been contaminated if the wind had been blowing in that direction.

DON'T FORGET TO VOTE!!!

A directive came from the State Division of Marine Fisheries dated October 24 prohibiting the digging or attempting to dig in "the waters and flats and all tributaries of Brandt Island Cove in the Town of Mattapoisett northwest of a line drawn from the end of Brandt Island Causeway to the 'NO SHELLFISHING' sign at the eastern end of Meadow Brook Lane". This determination shall be in effect until subsequent examination, initiated not more than thirty days after the emergency has been determined, shows the shellfish from the defined area to be safe for human consumption and the Division of Marine Fisheries declares it to be over.

In other business, Selectmen:

MET WITH members of the Harbor Subcommittee of the Mattapoisett Long Range Planning Committee to discuss the proposed changes in the mooring and anchorage rules and regulations. Heading the committee is Michael Dahill, assisted by Richard Young, Arthur McLean, William Fairweather and Harbormaster Steven Mach.

A public hearing will be held at 7 p.m. November 16 in the Town Hall Conference

will have to be adopted at the 1989 annual town meeting.

The purpose of these regulations is to standardize mooring practices so as to fully utilize the limited area in Mattapoisett waters while implementing uniform safety practices. Also, to provide adequate space for all types of recreational usage.

"Mattapoisett Waters" shall mean all the waters from the Fairhaven line to the Marion line and extending for one half mile offshore. The designations of mooring areas, qualified inspector, various classes of moorings such as business, commercial or private are defined in the proposal.

Mooring fees and sticker fees recommended include: private resident/taxpayer moorings, \$25. per year; private non-resident/non-taxpayer, \$100. per year; commercial (rental), \$50. per year; transient moorings, \$50. per year. One of the changes suggested by Selectmen is that seniors age 70 and over who are resident/taxpayers be exempted from mooring and sticker fees.

Considerable discussion was held on the meaning of transient and business and commercial moorings, and how these rules should be applied.

It was pointed out by the committee that no stickers will be issued without completion of State tax forms and a copy of the previous year's paid excise tax bill. Boats with an assessed value under \$1000 are exempt from boat excise tax, but still must

Mr. Dahill said, in his opinion, harbor fees should be turned back as income to help defray expenses of the harbor. "This could be as high as \$82,000 per year". Selectman Bernard F. Talty added that if additional harbor employees with benefits are required to handle the inspections and coverage of enforcement, the \$82,000 would be used up fast.

cuss the emergency situation at the Fire Station with the breakdown of the boiler system. "There is no heat at all", said the Chief, "and we need some emergency help before the insurance company settles the matter, the bidding process is completed and an oiler installed."

Mr. Fales explained the boiler is inoperable and absolutely cannot be fixed. "The boiler is 35 years old - well beyond its useful life". Mr. Fales asked if any temporary heating system could be installed until the process is completed.

Chairman Hubbard said a representative of Hartford Steam and Boiler Insurance Company would be looking at the boiler tomorrow (Wednesday). "If they condemn the boiler you don't have to go out to bid. Even if we go out to bid I'm not sure we have the money to pay for it."

CONGRATULATED MEMBERS of the Police Department, Rescue Squad, Highway Department and the Building Inspector for the super job they did immediately after the storm last week and the follow-up work. Selectman John DeCosta particularly commended the Building Inspector for being at the police station at 3:30 a.m. to offer his help. "They all did an outstanding job and

Mobil is introducing a new grade of unleaded gasoline in your market. The new product will be called Special Unleaded and replaces Regular.

In addition, the other grades will be renamed. Unleaded will become Regular Unleaded and Super Unleaded will be named Super+ Unleaded.

The new line-up at a glance:

Now	Octane	Before	Octane
Regular Unleaded	87	Unleaded	87
Special Unleaded	89	Regular (leaded)	89
Super+ Unleaded	93	Super Unleaded	92

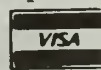

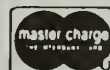

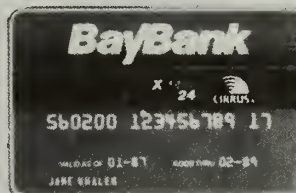

Mobil's new 89 Octane, Special Unleaded, is designed to satisfy the octane requirements of older cars and trucks running on leaded gasoline.

In addition, some drivers currently using 87 Octane may prefer the higher octane of the new 89 Octane Special Unleaded.

All grades of our unleaded gasolines are formulated to keep carburetors and fuel injectors clean.

Mobil's Super + Unleaded has high octane, plus an advanced detergent formula, for rapid clean-up of both carburetors and fuel injectors.

WERE NOTIFIED by Police Chief James F. Moran of orders he has received regarding the Pursuit of Motor Vehicles, effective October 20, 1988. These changes have been given to all police officers and are ordered due to the liability involved in police motor vehicle chases and the orders will supersede any other orders.

The orders include: anytime a cruiser is dispatched to a police related call, less than a known emergency and is exceeding the lawful speed limits, said officer shall use his or her blue lights; anytime the call is to a known or suspected emergency, officers shall use their blue lights and siren; anytime an officer is involved in any type of pursuit of another motor vehicle, both blue lights and siren shall both be used; if the subject fails to stop for the officer and continues on, the officer shall notify the Officer in Charge

state highway or 15 miles per hour on a town road or street. Road blocks shall not be used. To sum up, the Chief noted, "Remember, the police radio is your best tool. It can go faster than a cruiser, use it."

AGREED to the Police Chief's request for additional funding in the ambulance budget to cover the justified request of civilian and part-time police EMTs, based on the amount of ambulance runs last year.

On April 15, 1988 the EMTs requested minimum call-back pay for responding to ambulance calls from 8 a.m. to 10 p.m., minimum of two hours and from 10 p.m. to 8 a.m., minimum of three hours, at an hourly rate, not an overtime rate of pay. The Chief recommended their request should be retroactive to July 1, 1988, because these people get paid twice a year, December and June. "I feel that these people show great dedication and are professional in their care for the sick and injured and a credit to the ambulance service to the town", wrote the Chief.

Marion Selectmen's Meeting

OCTOBER 25, 1988-by EUNICE MANDUCA
A Community Service by the League of Women Voters

At 7:00 p.m. Chairman of the Finance Committee Charles Paulsen met with the Selectmen and department heads to discuss guidelines for the Fiscal Year '90 budget. The Finance Committee anticipates that the operating budget will be about \$200,000 short. Department heads were asked to list capital expenditures in order of priority because all such requests will probably have to be voted as an override.

proposed tax rate and tax bills will probably go out late in November.

The Marion Sanitary Code hearings continue. There were only four interested persons present. The Selectmen will vote to accept these regulations at the November 1st meeting.

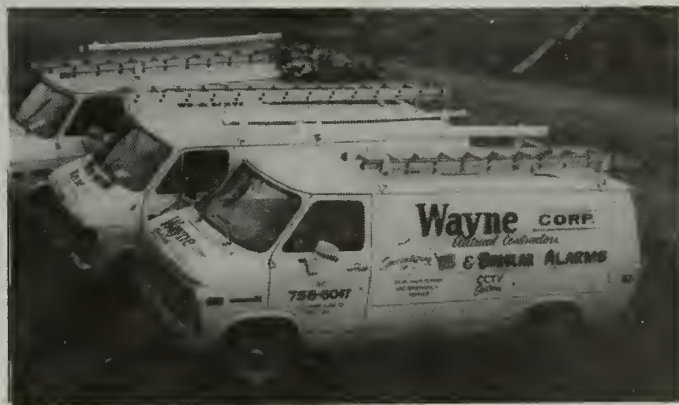

An agreement is underway with Tobey Hospital to provide Hepatitis Immunization for town employees who are deemed at risk. The cost for the series of three injections will be just under \$130. per patient. Town employees who wish to take advantage of this service should contact the Board of Health or their immediate supervisor.

Letters: From Dr. Streeter, a request that the Selectmen recognize November as National Hospice Month. It was voted.

From Ray Pickles, Executive Secretary, a notice that bids received for the work on the Fire/Police Station exceed the previous estimates. Bids have been forwarded to the architect and the Board of Fire Engineers for their recommendations. Mr. Pickles stated that the prevailing wage law greatly complicates the process because the Town must operate under the constraints of Proposition 2½ but those

From the Mass. Executive Office for
Administration and Finance, an explana-
tion of action taken in respect to local
aid from the State. Marion will receive
the same amount of aid as promised on the
February cherry sheets.

From the Mass. Municipal Association, an
explanation that, although towns will receive
about the same money from the State, lottery
revenues are not subject to appropriation by
the Legislatures and this action by the Legis-

Thanks To American Legion

MAKES GENEROUS DONATION

The Florence Eastman Post #280 of the American Legion recently donated the money to purchase sweater vests for the 50 members of the Old Hammondtown School Band. At a band practice last Thursday afternoon, Post Commander Michael Lamoureux along with post members John DeCosta, Russell Converse and Tony Rapoza made the presentation to Band Director Stan Ellis. The blue vests with gold school name monogramming will be worn as the band's winter uniform at their many upcoming performances. The band members are eagerly awaiting their new vests.

54% favored a direct fee acquisition for open land by the town.

87% stated that they would want to regulate development of sensitive areas.

76% of those answering wanted nature trails developed, i.e. the Old Railroad bed.

62% wished for improvements to picnic tables, benches, etc. in the wharf and Ned's Point area.

68% stated they would like to have the Town tennis courts improved.

Continual planning, budgetary and otherwise of all town boards will be necessary for this open space plan to progress with these goals for our town's future.

We are committed to utilizing this open space plan and not have it become one of those "booklets" sitting on the shelf. If you would like to join growth management in this task, or any others facing our town today, please attend our meeting.

BOBOLA'S

CONSTRUCTION CORP. 997-6544

Letter to the Editor

Reference Ballot Question 2, "Repealing the Prevailing Wage Law", to be voted on during the coming election on November 8, 1988.

The undersigned feels that the Taxpayers and Residents of the Towns and Cities in this Commonwealth should be given badly needed relief from this symbolic "Gun to the Head", which requires their paying two to three times the hourly wage of the local non-union worker for similar skills for contract work, and practically assures that only union contractors will bid on a municipal project. This is of particular importance because of the severe curtailment of funds due to Proposition 2½ plus the cut-back in both Federal and State funds, which have caused delay, reduction, and often elimination of badly needed maintenance of facilities and expansion of our present capabilities.

I urge a "yes" vote to repeal this antiquated, unnecessary and unfair law and give the non-union worker, who constitutes the greater part of the work force an opportunity to compete for a fair share of the municipal contract work. To claim that this would result in shoddy, unskilled work is an insult to those workers who perform the major part of the construction work in the civilian sector. As for the argument that work under the "Prevailing Wage Law" assures high quality workmanship, one has only to look at the schools and public buildings in the immediate community and check for cracked ceilings, walls, leaking roofs; the condition of bridges, etc., and draw their own conclusions. It is obvious that a great deal of money is being spent by those with a vested interest in order to defeat this Ballot Question, and some of our leading political figures are cited as favoring retaining this Wage Law. Could they be worried about the loss of

The Golden Ages of an Historical Gem:

AMBER

Extremely rare reddish amber from Burma is shown here in a 19th Century slab necklace.

Inset, silver and amber ring made in the mid-19th Century in Königsberg (now Kalingrad), Europe's chief center of amber artisanship for nearly 1000 years.

(Photos are from museum collections)

This gem reveals more about the history of the world - both before and after the dawn of mankind - than any other. Indeed, about one in forty of the millions of the amber globules gathered throughout the world for at least 10,000 years have proven to be tiny tombs for perfectly preserved flora and fauna -- trapped anywhere from 10 to 100 million years ago. Finding these relics has helped historians to reconstruct the growth and development of European trade in which amber long played a crucial role as a widely coveted commodity and a principal means of barter, in effect, man's first gold.

Although amber has been used to make household objects like cups, jewel boxes and chess boards, it is best known in the form to which it most readily lends itself: the bead, pendant, earrings. Amber is found mostly in the countries we know as Latvia, Lithuania, Poland and the Soviet Union. The Etruscans were among the greatest of jewelry makers of amber, followed by the Romans.

Amber is a gem that comes in 200 different colors, often very subtle in color shadings. For Europeans, color is the principal determiner of value, so much so that fairly cloudy (or fatty) amber with a nice deep golden to brownish red color will still fetch a good price. Americans, on the other hand, want stones as close to transparent as possible, even if that means putting up with lighter, far more yellowish colors than would be acceptable abroad.

Vivaldi's "Gloria"

Conductor and chorale director for the David S. Hagen Performing Arts Series production of Vivaldi's "Gloria" is Susan J. Layton. Mrs. Layton joined the faculty in 1985 as Coordinator of the Music Department for the ORR District. She graduated from Westfield State College in 1982 and holds a Bachelor's Degree in Music Education.

She is also choir director for the First Baptist Church of Sharon, MA. and is cantor for the Immaculate Conception Church of Stoughton. She is also in demand as a solo performer for a variety of functions.

Local audiences know her for her fine work with both the Junior and Senior High choruses and will remember her as the music director of the ORR 1985 production of "A Christmas Carol". She has also

served in the same capacity for the last three Junior High musicals.

Mrs. Layton is delighted to be involved with this production of Vivaldi. She views it as a very special opportunity for her students to perform a classical work

recognized outstanding secondary school teachers in those fields since 1984.

In addition to serving as mathematics coordinator since 1975, Cameron has taught math courses at Old Rochester since 1969. He introduced advanced placement calculus, probability and statistics and computer programming to the curriculum, established the school's computer lab, and also teaches honors algebra, trigonometry and precalculus. He is coach for the school's math team, which won the Southeastern Massachusetts Conference championship from 1982 to 1987 and placed second in the state math meet this year.

The Middleboro resident has been invited to present papers on mathematics education in West Germany, Hungary, Ontario and throughout the United States. He holds membership in several mathematics education associations and is president of the Massachusetts Association of Mathematics Leagues. He has been selected by the National Council of Teachers of Mathematics as one of five teachers to serve on the council's advisory panel for its 1991 yearbook on discrete mathematics.

The recipient of a Woodrow Wilson Fellowship in Statistics at Princeton in 1984, Cameron has published four articles in "Focus on Statistics". He is currently participating in a National Science Foundation project called "Computer Tutorial for Algebraic Word Problems" at SMU.

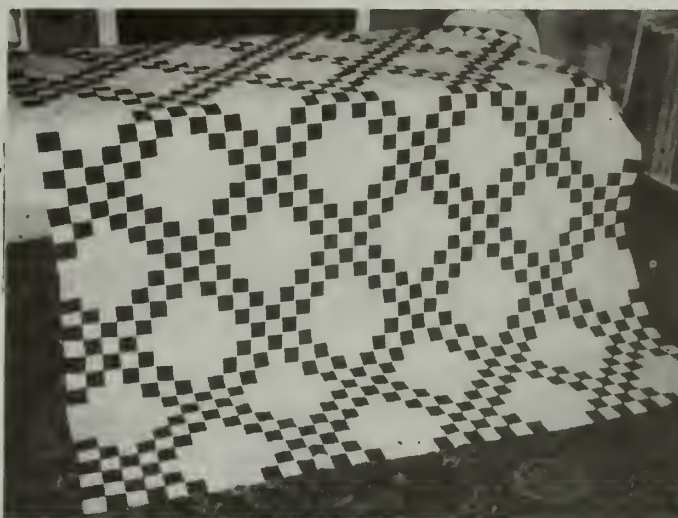

Cameron holds a bachelor's degree from the University of Kansas and a master's from the University of New Hampshire, both in mathematics.

eye talk

Q. Recently I started seeing dark spots and thread-like strands before my eyes. What causes this? Is it serious?

A. You are seeing spots and floaters. They are usually harmless but sometimes they signal a serious eye problem in need of prompt attention.

These include such vision-threatening conditions as retinal detachment, other retinal disorders, cataracts, diabetes, high blood pressure or leukemia.

You should, therefore, make an appointment with your optometrist for a thorough eye examination covering eye health as well as your vision. Be sure to mention the dark spots and strands you are seeing.

More than likely you are seeing harmless particles of protein or other natural materials floating in the fluid inside your eyes. But you need a professional diagnosis.

Even if your optometrist diagnoses the spots as harmless, have them re-evaluated every year or more often, if you notice a change.

Bach, one of the greatest masterpieces of music, as well as one of the most exciting and challenging pieces for the keyboard performer. Mr. Brown will also present the Variations on a Theme of Corelli, by the late Romantic Russian composer Sergei Rachmaninov, and the Suite Bergamasque, by the French Impressionist Claude Debussy. Admission to this event of beautiful music performed in an intimate concert setting will be \$5.00 general, \$2.50 for students.

Old House Workshops

WHALE and The New Bedford Preservation Society will jointly sponsor a Fall Lecture Series of two workshops titled "Your Old House" to answer questions most asked about the history and restoration of historic buildings. The dates of the workshops are Monday, November 7th and 14th. The workshops are designed for owners, tenants, and admirers of old houses.

November 2, 9, 1988

TOWN OF MATTAPOISETT, MASSACHUSETTS PUBLIC HEARING PROPOSED MOORING & ANCHORAGE RULES

A public hearing is scheduled for Wednesday, November 16, 1988 at 7:00 P.M. in the Town Hall Conference Room to discuss the proposed mooring & anchorage rules.

The purpose of these rules is to standardize mooring practices so as to fully utilize the limited area in Mattapoisett waters while implementing uniform safety practices. Also, to provide adequate space for all types of recreational usage.

This proposal has been developed by the Mattapoisett Growth Study Committee in cooperation with the Harbormaster, local boatyards and interested citizens.

These regulations establish reasonable annual fees for mooring spaces in Mattapoisett waters. This includes the harbor, coves and coastline from the Marion line to the Fairhaven line. Fees collected are to be used for municipal waterfront facilities improvement and maintenance.

The regulations provide that each mooring shall be registered with the Harbormaster and assigned a permit and number. The regulations include provisions for mooring permit renewal, waiting lists as necessary, relocation procedures and winter stick requirements. There are provisions for commercial mooring permits.

Guidelines for mooring construction, chain sizes, pennant sizes and total mooring tackle length are provided. There is a requirement for a mooring ball. Mooring tackle will require periodic inspections by qualified personnel appointed by the Harbormaster.

These regulations provide an open space within the harbor for water-skiing. They outline basic safe boating rules for all anchorage areas. The Harbormaster is assigned the responsibility for enforcement of all rules.

Copies of the complete proposal are available, for review, in the Selectmen's Office. Copies will also be provided at the Public Hearing on the 16th of November

pace of development in the state consumes nearly 600 acres or 12 Boston Commons every week. Development and rare species are on a collision course. How serious a problem is it?

The Massachusetts Audubon Society is sponsoring a day-long conference on November 12th at Bridgewater State College to outline the ecological state of the State

and pinpoint important legislation and planning needs for protection of our endangered species and other native wildlife. The conference will provide a blueprint for action to secure the future of wildlife and its habitat in the Commonwealth.

Florida Senator Bob Graham, pioneer in environmental protection engineering to save the Florida Everglades, is the keynote speaker.

From Old Colony

HONOR SOCIETY TO ATTEND WORKSHOP

Officers of the Old Colony Chapter of the National Honor Society will participate in the Eastern Massachusetts Regional Leadership Conference to be held at Bridgewater State College on Tuesday, November 15th.

The students will join 250 Honor Society members from Eastern Massachusetts in various workshops sponsored by the college. The workshops will include sessions devoted to the development of leadership skills as well as opportunities to explore post-secondary opportunities.

Representing Old Colony at the conference will be President Bruce Bachand (Acushnet), Vice President Victoria Camacho (Mattapoisett), Secretary Adriana Dakin (Rochester), and Treasurer Kathy Lang (Carver).

FIELD TRIPS FOR STUDENTS

Old Colony Regional Vocational Technical High School has recently organized field trips with area businesses to help expose their ninth grade students to the world of work.

Students in the Automotive Department have recently visited Dugan Buick in Fairhaven and Swift Dart Subaru as part of their exploratory program. Students were given a personal tour of each facility and were exposed to a number of job opportunities in the automotive field.

Also, students from the Health Careers Program have had an opportunity to explore jobs related to health through a pro-

gram called the "Shadow Program", designed by St. Luke's Hospital in New Bedford. The purpose of the program is to exhibit the many careers that exist in the Health field for young high school students. Students shadow a staff member for a day and observe the many jobs related to a hospital and the health field.

Both school officials and area businesses believe it is a great opportunity for Old Colony students to be able to see the world of work in action before they make the important decision of choosing a career.

Environment: Get Involved

Are you concerned about the vanishing open open space in your neighborhood? Or angry about the ever-increasing water pollution problem evident in the debris that is washing ashore on your area beaches? Who do you call about it? What can you, as a concerned and involved citizen, do to improve the quality of life in southeastern Massachusetts?

There are many ways you can make a difference in the political process. A program titled "How to Become an Environmental Activist", offered by the Lloyd Center for Environmental Studies on Sunday, November

13th, from 1:30 to 3:30, will address these issues and give you the tools to help you make a difference in your community. You supply the concerns and we will supply the knowledge to help you act on your concerns. Led by Lloyd Center staff member Barbara Sego and Environmental Coordinator from Westport Watershed Alliance Betsy McEvoy, the afternoon session will cover topics such as how to compose a letter to the legislature, form an interest group, research an issue and prepare a testimony.

Pre-registration for the program is required. For more information or to register please call the Lloyd Center at 990-0505. This and other Lloyd Center weekly walks are free and open to the public thanks to the generosity of our members' support.

IMAGO, the nationally acclaimed masters of stage illusion, present a show which is a delightful combination of mime/music/dance/movement in a dream world of unique characters and creatures. In this imaginary world of fanciful masks and costumes, backs can be fronts, tops may be bottom, arms are really legs and comings are goings. To these performers, a mask is more than just a covering for the face.

These magical stagings are concocted by artistic directors and company founders Jerry Mouawad and Carol Uselman. With backgrounds rich in Lecoq mime and dance, this talented pair, who have been collaborating since 1979, create all their own masks and costumes. They ingeniously meld papier-mache, wood, plaster, paints and various "knick-knacks". These conventional face coverings then become distinct characterizations, playful and original in design, often making the bizarre seem familiar. Their "original mask-theatre" is a treat for all ages.

In the spring Polaroid will sponsor Air Jazz, a wonderful fusion of modern dance, juggling and acrobatics on Sunday, March 12th.

The Zeiterion theatre is located at 684 Purchase Street in historic, downtown New Bedford.

Pancake Breakfast

The 31st annual Pancake Breakfast of the New Bedford Kiwanis Club will be held Sunday, November 6th, from 7:00 a.m. to 1:00 p.m. at Keith Junior High School, 70 Hathaway Boulevard, New Bedford. The cost is \$2.75 for adults and \$1.75 for children; all the pancakes you can eat.

Music with a Message GEORGE PLIMPTON AND THE NEW YORK PHILOMUSICA

George Plimpton and the New York Philomusica will perform at New Bedford's Zeiterion Theatre on Saturday, November 12th, at 8:00 p.m. "Music With a Message" is the name of this collaborative presentation between Mr. Plimpton and the musicians of the Philomusica. Their concert is the second of four in the 1988-1989 Greater New Bedford Concert Series sponsored by Delken Professional Dry Cleaners. Tickets are priced at \$20.00, \$18.00 and \$16.00 with a \$2.00 discount for senior citizens and students. For more information on tickets, group packages, and season subscriptions, call the Zeiterion Box Office at 994-2900. Tickets are also available at all Ticketmaster locations.

The evening will open with an insightful introductory to Mr. Plimpton, followed by his own charming duet, "Boomer Waltz".

The main concert segment will feature Philomusica artists performing Mozart's "Piano/Wind Quintet in E^b for Piano, Clarinet, Bassoon and Horn" and the highly emotional and powerful work, "Quartet for the End of Time by Messiaen".

As a participatory journalist, Plimpton is known for doing those things that many of us only dream about. He has explored many professional worlds like playing quarterback for the Detroit Lions, basketball for the Boston Celtics, hockey for the Boston Bruins, and flying on a trapeze for the Clyde Beatty-Cole Brothers Circus. In his pursuit for new experiences, one of those that had the most lasting and memorable effect was his performance with the New York Philharmonic under the baton of Leonard Bernstein. At that performance he met Robert Johnson, who later formed the Philomusica. Plimpton's love of chamber music prompted him to become involved, first as a member, and then as President of the Board of Directors, an association that has flourished for more than 15 years.

The New York Philomusica is a unique chamber music organization made up of distinguished New York artists who collaborate to play and record the most demanding pieces in the chamber literature. Since their beginning, they have featured a mixed instrumental repertoire of music written for various combinations of winds, string and piano by renowned composers from the mid-18th century to the present.

"CHRISTMAS IN NOVEMBER"

An exciting introduction to the pre-Christmas season will be presented by the Thornton W. Burgess Society and the Nye Family of American Association at the historic Nye Homestead on Old County Road in East Sandwich on November 11th through the 13th and November 17th through the 20th.

The seventeenth century home, replete with antique furniture, spinning wheels, early cooking implements and original paneling, will be decorated for Christmas past. The keeping room, with its family-size fireplace, will be the scene of cooking demonstrations and candle making. Here visitors will be invited to sip mulled cider, sample
